

Creating a centre of excellence for Consumer Healthcare in Weybridge

Welcome

Artist's impression of the development

Thank you for visiting our public exhibition which displays our emerging proposals for the future headquarters of Glaxo Smith Kline's (GSK) new Consumer Healthcare company.

Our proposals seek the creation of a new headquarters campus, to be located at The Heights Business Park, Weybridge.

About GSK

GSK is a world-renowned science-led global healthcare company and is preparing to separate into two new companies in mid-2022.

The separation will see the creation of a new GSK, a global healthcare company with a Research & Development approach focused on the science of the immune system, human genetics and advanced technologies, and a new Consumer Healthcare company, that will be a world-leader in everyday health.
